## Terms and Conditions of Use

The TIROL MOUNTAIN BIKE SAFARI FLEXI-PASS entitles bearers to maximum one ascent per cable car system, at one of the participating partner cable car companies, during the official opening times and operating hours.

The opening times and operating hours will be defined autonomously by the respective member company. In the event of suspension of operations by individual member companies (in part or whole) – for whatever reason – no claims – not even in part - for reimbursement can be made. The TIROL MOUNTAIN BIKE SAFARI FLEXI PASS is valid from 14th May to 26th October, limited to the year in which the flexi-pass was originally purchased.

Legally independent companies provide the services to which bearers of the TIROL MOUNTAIN BIKE SAFARI FLEXI-PASS are entitled. The company which sells the TIROL MOUNTAIN BIKE SAFARI FLEXI PASS is only the representative of the company responsible for supplying the services. Hence only the provider of the particular service is responsible for service delivery and compensation for damages in the event of accidents or incidents.

In the event of ticket loss, early departure or suspension of cable car services, no compensation or replacements will be made and no refunds will be made in case of accident or illness!

\*For system inherent reasons, the Tirol Mountain Bike Safari Flexi-Pass cannot be sold or used at the Karwendelbahn in Pertisau. A discounted price for a mountain ascent is available on presentation of a valid TIROL MOUNTAIN BIKE SAFARI FLEXI-PASS (only for bikers with equipment!)
